## **Thief In The Night**

Great is Your love and Your faithfulness It?s Your faithfulness that carries me Many times I?ve run away Forsook Your love and all Your grace Still You call out my name Yeah, You still care that I be saved

And so I?ll sing the glories of Your name Your awesomeness I will proclaim Until You come, until You come and

Take Your bride away Like a thief in the night Like a thief in the night You?ll take us away

And there is no one that can fill this void Like You fill this void in my heart My life is just a human one But You pick me up and call me son Speak, Lord, I'm listening Yes, Your child will serve faithfully, yeah

And I?ll sing the glories of Your name Your awesomeness I will proclaim Until You come, until You come and

Take Your bride away Like a thief in the night Oh yeah, like a thief in the night You?ll take us away

Like a thief in the night Like a thief in the night Like a thief in the night No, like a thief in the night

Oh, like a thief in the night Oh, like a thief in the night Oh, like a thief in the night Oh, like a thief in the night Like a thief in the night

So I?ll sing the glories of Your name Your awesomeness I will proclaim Until You come, until You come and

Take Your bride away Like a thief in the night Oh yeah, like a thief in the night You'll take us away
