

## No Heroes

Leeway

Can you feel my suffering? Or any of my pain. Those  
sleepless nights drove me insane.  
Their dishonesty took me away.  
Yet they still had nothing to say. So, you'll ruin me  
huh? We'll see about that.

I've got the soul of a dragon that'll burn you boy. Ill  
play with you like a child plays with his toys, separate  
the men from the boys.  
So you follow-you follow your hero. Cause he ain't no  
hero, no way. So you follow-you follow your hero. Cause  
he ain't no hero, mikey play. Follow.

You take away my treasure, and we'll go to war.  
Either you or me have got to go-so we'll go to war-if  
that's the way you want it.  
If that's what you need, we'll go to war-if that's the  
way you want it.  
If that's what you need, we'll go to war. So c'mon,  
you're no hero. Take me on, you're no hero. You are gone,  
you're no hero.
