

## Self Defense

Leeway

While the media hunts him  
One man doesn't sleep  
Finds harrassment for life  
Mother sits there and weeps  
They say the action's progress  
Crime doesn't end  
He might have been mugged before  
But he'll never be mugged again!

Why must we lose what we earn  
Because of someone else's greed  
Is it fair to sew a hole in my side  
Because someone else has a need?

The season's controversy, guilty or not guilty?  
Been another mark made another spawn of fear  
Some dude in Chicago has copped the same idea  
Self defense is innocence!

Now everyone with a gun is on a rampage  
Armed citizens are holy saints  
Deathwish killer, the six o'clock rage  
Now Bernie's even got his name up in paint
