

Lonely Starts & Broken Hearts

Left Alone

Lonely starts & broken hearts,
Well I'm at it again,
My babe said she don't give a fuck about,
Anything I say...

I'm so tired of wasting away
I'm so tired of wasting away
I'm so tired of wasting away
I wasted my fucking time again today

All the times when uh, you were mine and well I,
Well I'm leaving it all behind,
My babe shes said she don't, give a fuck,
Now I'm losing my mind,
My mind yeah...

I'm so tired of wasting away
I'm so tired of wasting away
I'm so tired of wasting away
I wasted my fucking time again today

I'm so tired of wasting away
I'm so tired of wasting away
I'm so tired of wasting away
I wasted my fucking time again today
I wasted my fucking time again today
I wasted my fucking time again today
