

Forever (And Always)

Lefty Frizzell

Forever and always my love will be true
I'd wait for a lifetime if you ask me to
You make me so happy, then leave me so blue
But I'd wait forever and always for you

Each night I pray that God above will let my dreams come true
To hear my prayer and make you care, my life I'd offer you
For riches won't buy you a heart true as gold
Forever and always to have and to hold

Each night I pray that God above will let my dreams come true
To hear my prayer and make you care my life I'd offer you
For riches won't buy you a heart true as gold
Forever and always to have and to hold
