

I Can't Get Over You To Save My Life

Lefty Frizzell

Last night my best friend drove me home
Cause he knows I drink too much since you been gone
He knows I'll mhm and die I can't get over you to save
my life
Suzy and Mary Lord how they tried to cheer me
And honey said honey please don't you cry
I said mhm let me die I can't get over you to save my
life
Tonight if some old buddy don't come by to drive me home
and talk to me a while
I might mhm and die I can't get over you to save my life
Suzy and Mary...
I can't get over you to save my life
