

Love Looks Good On You

Lefty Frizzell

I've never seen that look in your eyes before
I've never seen that smile on your lips before
I guess I never knew what true love could do but love sure looks
good on you
I can tell he's been more than good to you he's done more than
I ever hoped to do
He's given you the look that I wanted to and love sure looks go
od on you
I thought I had loved you but I see I was wrong
And now I know that in his arms is where you belong
It's been a long long time since I've seen you and I miss you m
ore than I meant to
So I guess I'd better go before I let it show
One more thing love sure looks good on you
Love sure looks good on you
