

## Love Looks Good On You

Lefty Frizzell

I've never seen that look in your eyes before  
I've never seen that smile on your lips before  
I guess I never knew what true love could do but love sure looks  
s good on you  
I can tell he's been more than good to you he's done more than  
I ever hoped to do  
He's given you the look that I wanted to and love sure looks go  
od on you  
I thought I had loved you but I see I was wrong  
And now I know that in his arms is where you belong  
It's been a long long time since I've seen you and I miss you m  
ore than I meant to  
So I guess I'd better go before I let it show  
One more thing love sure looks good on you  
Love sure looks good on you
