

## Woman Let Me Sing You A Song

Lefty Frizzell

Woman let me sing you a song  
Woman let me sing you a song  
That tells how you've done me wrong  
So it's your fault if it's long  
Woman let me sing you a song

Well, the neighbors all say I run around  
Yeah, the neighbors all say I run around  
But baby, if I do I'm still miles in back off you  
Woman let me sing you a song

You tell our friends I drink too much  
Now the whole town knows I drink too much  
But the reason why I drink is a thought you make to think  
Woman let me sing you a song

Woman let me sing you a song  
Woman let me sing you a song  
I said, "I'd die for you and I have the time or two  
Woman let me sing you a song"

Now woman I've done sang you my song
