

Harlot

Legend

You are as fake as the smile you make, nothing you could ever do would

Make you touchable, you make everybody fucking sick.

Crawl around the walkable

You have no family, nobody to show the respect you claim to have. You

Have nothing in this world, you mean nothing to us all.

Crawl around the Walkable, there is nothing for you here, Crawl around

The walkable.

YOU FUCKING BITCH YOU NEVER, YOU NEVER WILL GET RESPECT FROM ME .

You'll get what you deserve (2x)

Crawl around the walkable, there is nothing for you here. (2x)

You'll get what you deserve
