

Armalite Assassin

Legion of the Damned

Walls collapse, buildings crushed,
the bomb attack has shattered all the glass
Many dead, decapitated,
heads are severed bodies mutilated

Fire round after round
Another sermon for the dead

...for the dead

Communal hatred, religious divide,
secessionist dreams and imperial pride
Riots ensure, surge of rage,
tensions rise to inflammable heights
Sectarian murder, violent responds,
outrage caused by excessive force
Random violence, streets of terror,
the cycle of destruction never ends

Blood screams for blood
Retaliation sanctioned death
Blood screams for blood
Hooded executioners, on the loose

Armalite assassin
Sudden burst of automatic fire
Armalite assassin
Speeding off, in the night

Fire round after round
Another sermon for the dead

Funeral wreaths, for a coffin,
mourning after mourning fuels revenge
Abduction and sadistic torture,
victims killed by psychopathic gangs
Death squads, are on the prowl,
ready to eliminate the traitors
Operatives, on wipe out missions,
thwarting further terrorist attempts

Blood screams for blood
Retaliation sanctioned death
Blood screams for blood
Hooded executioners, on the loose
