

Strike of the Apocalypse

Legion of the Damned

The scroll with seven seals, is soon to be unveiled
The lamb will open his first four, as man turned his back on god
The beginning of the end, abandon all hope for mankind

World weltering in sin,
sodom forever lives and the path of cain we choose to walk
Damnation to mankind,
the demiurg in tears, in grief of what man has become
Human existence cursed,
with disease and war, gathering the chariots of doom
Tribulation has begun,
four horsemen riding out, maligned savior bringing death

Strike of the apocalypse
The second coming is impending
