

Run Away

Leighton Meester

You came around making me feel so sweet
You made me fall hard
You made me want you, man, and nothing more
You made me say 'Oh my God'

But lately, I'm finding
We need some reminding

Run away
Home with me
Run away
Into our past
Run away
Let's kick around
All we've had and lost
All we've had and lost

We can make it back to when it was a lullaby
If only we try
I'm not giving up for anyone or anything
I'll stay by your side

Yeah, maybe it's changing
But baby, we'll make it

Love isn't a free ride
Love isn't a
Take my hand, let's fly
I don't know why
