

Set it on fire

Leighton Meester

Oh yeah
Walked in the club with my girls
We were ready to party
I'm a ten that's why I don't have to spend, no ID when I get in
Drinks on hand, drinks on hand
Because

Why you think the club hot?
Cuz I set it on fire
Why you think the carpet red?
Cuz I set it on fire
You wanna taste with your tongue
Don't burn, think about it, don't be stupid
Boys, when will they ever learn?

Oooh oohh ohh

How does it feel?
To burn off like you do

DJ spin, hot again, cause I wanna keep movin'
From my head to my toes
Got all these boys drooling
Every club that I go to I lock down
Every city every town
Ask around ask around

Cuz
Why you think the club hot?
Cuz I set it on fire
Why you think the carpet red?
Cuz I set it on fire
Wanna taste with your tongue
Don't burn, think about it, don't be stupid
Boys, when will they ever learn?
Oh yeah

Oooh oohh ohh
How does it feel?
To burn off like you do

Fire fire

You wanna taste with your tongue
Don't burn, think about it, don't be stupid
Boys, when will they ever learn?
Oh oh oh

How does it feel?
To burn off like you do
