

# Lost In This Dance

Lena Katina

Don't know how it happened to us  
But we're here again  
The odds are stacked  
We have to believe there's time  
With the sun going down  
Behind buildings surround it's like a tomb  
I'm not giving up till  
I find what I'm looking for....tonight

You and I must find each other  
Even if I'm blind from glaring lights  
Even if it takes all night  
I'm lost in love with you  
Do you know the way that I should turn  
Do you know that I have learned  
I'm lost in this dance with you

Making my way through the city streets  
They're so rushed and loud  
Passer-bys that resemble your face deceive  
Pull your picture from my pocket  
To remind myself, no need for clues  
I keep on searching  
It's you that I'm looking for...tonight

You and I must find each other  
Even if I'm blind from glaring lights  
Even if it takes all night  
I'm lost in love with you  
Do you know the way that I should turn  
Do you know that I have learned

I can see that you can see a love that can't compare  
Really isn't fair after all

Even if I'm blind from glaring lights  
Even if it takes all night  
I'm lost in love with you  
Do you know the way that I should turn  
Do you know that I have learned  
I'm lost in love with you  
Looking up and down and all around  
Looking for what can't be found  
I'm lost in love with you  
Shadows on the wall appear to be  
But shadows never what they seem  
I'm lost in this dance with you
