

# You Can't Stop Me

Lena

You can't stop me, no  
Everything I like to do I do it, so  
Better step back, I'm coming  
O o o oh yeah

You can't stop me, no  
Everything I like to do I do it, so  
Better step back, I'm coming  
O o o oh yeah

Keep it up on the bass line  
Today it is my time  
Don't want no stupid boys  
Listen to my stuff

I want you to hate me  
I want you to love me  
I'm heading straight  
To the sky baby  
Gonna keep it rough

3, 2, 1, go

You can't stop me, no  
Everything I like to do I do it, so  
Better step back, I'm coming  
O o o oh yeah

You can't stop me, no  
Everything I like to do I do it, so  
Better step back, I'm coming  
O o o oh yeah

Your brain becomes leak tight  
When your enter my site  
Your tempting look is not  
Take control of me

Cause I set the rules now  
Better stop to bow wow  
Your mind starts spinning now  
Right in front of me

3, 2, 1, go

You can't stop me, no  
Everything I like to do I do it, so  
Better step back, I'm coming  
O o o oh yeah

You can't stop me, no  
Everything I like to do I do it, so  
Better step back, I'm coming  
O o o oh yeah

If you appreciate my attitude  
You will never let me down

3, 2, 1, go

You can't stop me, no  
Everything I like to do I do it, so  
Better step back, I'm coming  
O o o oh yeah...
