

## So I See

Lene Marlin

So I see it, it's right there in front of me  
What's a matter, oh you cannot see  
Feeling like I did when you blindfolded me  
So I hear it, for a brief moment there I thought I knew  
All these things they were far, far from true  
But I guess you cannot hide from the truth.

So I see right through you  
And I know what you've been up to  
So I see right through you  
And I know the things you do.

So I see it, it's right there in front of me.  
Oh, I'm sorry,  
You did not wanna see  
Acting like I did when you betrayed me  
So I hear it, they didn't have to scream it in my head  
They just could have whispered it instead  
Cause I am already over it now.

So I see right through you  
And I know what you've been up to  
So I see right through you  
And I know the things you do.
