

So in Love

Lenka Dusilová

Looking down
up an round
some body want's to love me
love my gown

The city's drowned, the echoes sounds
It's looking like the end of time
and I see my self

Deep down in side, in side your eyes

So shy?
So, here we go, my little devil
I'm so glad you took me out
so, we can fly

Looking my eyes an tell me
why and what they do that
You're so in love

So in love
You fried to walk me
so, I can get by, but sorry, you/re too slow
so in love like yellow butterfly
lost in a big black sky...

Stříbrná mříž a pod ní díra
nad tebou kříž, z pavučin chrám
pojď ke mě blíž, jsi moje víra
chci s tebou umřít
já nechci už žít sám...

So in love
you wanna be with me
so, here we go...
