

## 5 More Days 'til Summer

Lenny Kravitz

I've worked in this factory far too long  
Can't remember when I last had  
Some time to breathe and be on my own  
And to do things just for a laugh  
To be a clown, to paint the town  
Where the sunshine can heal my bones  
In five more days I'll be on my way  
Then my fantasies will unfold

Cause there are 5 more days 'til summer  
Takes me away  
There are 5 more days 'til summer  
5 more days 'til summer  
5 more days 'til summer  
Takes me away

I work on the night shift until the dawn  
My whole life has been in the dark  
I sleep all day 'til the moon's in play  
Like a vampire in a box  
Without a sound, no one around  
I awaken to feel the cold  
To do again just like yesterday  
With this emptiness in my soul

But there are 5 more days 'til summer  
Takes me away  
There are 5 more days 'til summer  
5 more days 'til summer  
5 more days 'til summer  
Takes me away  
Takes me away  
Takes me away  
Takes me away

There are 5 more days 'til summer  
Takes me away  
There are 5 more days 'til summer  
5 more days 'til summer  
5 more days 'til summer  
Takes me away

1, 2, 3, 4, 5 days 'til summer  
1, 2, 3, 4, 5 days 'til summer  
1, 2, 3, 4, 5 days 'til summer  
1, 2, 3, 4, 5 days 'til summer

5 more days 'til summer  
5 more days 'til summer  
5 more days 'til summer  
Takes me away  
Takes me away  
Takes me away  
Takes me away  
Takes me away  
Takes me away  
Takes me away  
Takes me away
