

Can We Find a Reason

Lenny Kravitz

Is there anyone out there
Willing to try ?
Or are we satisfied with just getting by ?
We've hurt mother nature

Can't you see her she's crying
We've robbed and we've raped her and taken her child
And oh oh oh can we find a reason ?
Just think about it

And oh oh oh can we find a reason
To live another season ?
We're fighting more battles
Everyday we're alive

We should be rejoicing
But instead we cry
This world's so polluted
You would think we were blind

We poison our children
Before they're defined
And oh oh oh can we find a reason ?
Just think about it

And oh oh oh can we find a reason
To live another season ? yeah
Excuse me for saying
'Cause I've never been shy

But if we don't stop this
We sho'nuff goin' die
Yes I hope we can make it
'Cause this river's run dry

Now our only battle
Will be to survive, hey
And oh oh oh can we find a reason ?
Come on and think about it

And oh oh oh can we find a reason
To live another season ?
Yeah it's the new millennium
Yeah yeah yeah

Can we find a reason
To live another season ?
And oh oh oh can we find a reason ?
To live another season ?

Yeah, yeah, yeah, yeah ...
It's the new millennium
Yeah, yeah, yeah, yeah ...
Can we find a reason

To live another season ?
