

# Frankenstein

Lenny Kravitz

A lie he broke in pieces  
He better have a life  
My heart is slowly beating  
Don't leave me here to die

Cause I need love  
Yeah, I need love  
You say that I'm your baby  
But I feel like Frankenstein  
I need love

I try so hard to please you  
You're never satisfied  
Will you ever release me?  
I'm tossin' girls to swine

But I need love  
Sister, I need love  
You say that I'm your baby  
But I feel like Frankenstein  
I need love

The lie that you are living  
Will never let you shine  
Your words are so deceiving  
But can't they taste like wine?

Can't help yourself from breathing  
Can' help yourself from lying  
One more day of this fucking and I 'll lose my mind

I need love  
Baby, I need love  
You said I was your savior  
But I feel like Frankenstein

The lie that you are living  
Will never let you shine  
Your words are so deceiving  
But can't they taste like wine?

I need love  
Yeah, I need love  
Sister, yeah, I need love  
I need love  
I need love  
Baby, I need love  
I need love  
I need love
