

# I Never Want to Let You Down

Lenny Kravitz

I pledge allegiance, baby  
To the flag of love  
I'm trying to do the things  
To keep us moving up

Don't ever wanna mislead you  
I've got to have your trust  
'Cause it ain't about me, baby  
It is about us

Well, I'm gonna love you  
Be your solid ground  
Keep you homeward bound

I never want to let you down  
I never want to let you down  
I never want to let you down  
Why don't you give me a chance today?

Sometimes, I get to thinking  
That I am not enough  
My past comes back to haunt me  
I know you know it's tough

But I'm trying to be a better man  
I've got to hang in tough  
'Cause it ain't about me, baby  
It is about us

I'm gonna love you  
Be the solid ground  
That keeps you homeward bound

I never want to let you down  
I never want to let you down  
I never want to let you down  
Why don't you give me a chance today?

I'm gonna love you  
Be the solid ground  
That keeps you homeward bound

I never want to let you down  
I never want to let you down  
I never want to let you down  
I never want to let you down

I never want to let you down  
I never want to let you down  
I never want to let you down  
I never want to let you down

I never want to let you down  
I never want to let you down  
I never want to let you down  
I never want to let you down
