

# Little Girl's Eyes

Lenny Kravitz

All I have  
And all I do  
Cannot compare  
To the love of you

You make me feel alive  
You are my highest high  
All I can do is smile  
When I look in my little girl's eyes

When I look in my little girl's eyes [4x]  
You're my star  
And when I'm far  
You're not alone

'Cause your heart's my home  
You are my biggest prize  
So beautiful and so wise  
I can see the woman from within my child

When I look in my little girl's eyes  
When I look in my little girl's eyes [4x]  
You make me feel alive  
And you are my highest high

All I want to do when I come into the room is see her smile  
When I look in my little girl's eyes  
When I look in my little girl's eyes [4x]
