

# Minister of Rock 'n Roll

Lenny Kravitz

I'm the Minister of Rock'N Roll  
I can heal you  
I can save your soul

You better stop foolin' around

I can touch you  
I can make you whole  
I can bless it so it doesn't get old

Come on and turn it up loud

You can call me  
You know I will be right there  
You can call me  
And I will be standing there

I'm the Minister of Rock'N Roll  
I'll make you freak and  
Make you lose control

I'm the Minister of Rock'N Roll  
Highway to Heaven and your pot of gold

Come on and join the crowd

I'm a fire when you're feeling cold  
I'll make you freak  
And make you lose control

What are you waiting for now?

You can call me  
You know I will be right there  
You can call me  
And I will be standing there

I'm the Minister of Rock'N Roll  
I'll make you freak  
And make you lose control  
I'm the Minister of Rock'N Roll  
I'll make you freak  
And make you lose control

You can call me  
You know I will be right there  
You can call me

You can call me  
You know I will be right there  
You can call me

You can call me  
You know I will be right there  
You can call me

You can call me

You know I will be right there  
You can call me

I'm the Minister of Rock'N Roll  
I'll make you freak  
And make you lose control  
You can call me

I'm the Minister of Rock'N Roll  
You know I will be right there  
I'll make you freak

And make you lose control  
I'm the Minister of Rock'N Roll  
I'll make you freak  
And make you lose control  
You can call me

I'm the Minister of Rock'N Roll  
You know I will be right there  
I'll make you freak  
And make you lose control

I'm the Minister of Rock'N Roll  
I'll make you freak  
And make you lose control

I'm the Minister of Rock N Roll
