

# Sugar

Lenny Kravitz

I'm yours  
And you are here  
Don't you  
Really want to feel  
That my love is turning on  
And it feels so real  
So tell me what's the deal yeah

I'm coming back  
For more and more  
You do it to me  
'Till I can't take no more  
And I know  
That all of that real  
Good lovin' is oh so real  
And I want all your time  
When I'm down here

Sugar dance for me  
Sugar taste so sweet

Climb on and take the wheel  
There's nothing here for you to fear  
And my love won't lead you wrong  
Let me make this clear  
Sweeter and sweeter  
I'll always make you feel

I'm coming home  
I'm oh so low  
I need you baby  
Come on let's go  
'Cause only you are my lover  
And you're so sincere and fine  
So divine  
And you're all mine

Sugar caramel  
Sugar and it taste so sweet  
Sugar my fantasy  
Sugar you were made for me

Hey sugar my fantasy  
Sugar and it taste so sweet  
Sugar my fantasy  
Oh my sugar baby lovin' is so sweet to me

And it taste so sweet  
Sugar you're my fantasy  
Sugar on and on  
Sugar  
Say I want your baby  
Want you lovin'  
Say I want your baby
