

Superlove

Lenny Kravitz

I want you
All of you
Can we break through
And start a new

I want your superlove
I wanna be inside your superlove
I need the spirit with the sexual
I wanna be inside your superlove

We both know
The way to go
Let's take a chance
It's our last dance

I want your superlove
I wanna be inside your superlove
I need the spirit with the sexual
I wanna be inside your superlove

I want your superlove
I wanna be inside your superlove
I need the spirit with the sexual
I wanna be inside your superlove...
