

Alive Enough?

Lenny

Godspell,
I had this idea and if it all goes well
We'll end up in heaven not down in hell
With a story to tell

"Count me in",
she said "take me down to West Coast,
I'm dying to see the cash flow
let it stain my soul"

Best friends
That's where it begins and this is where it ends
But isn't it wonderful,
That money can't buy you love?

High five,
Just to see if we are still alive
And thumbs up
If we're alive enough
Are we alive enough

Are we alive enough?

Sinner,
But I don't feel like a loser, I'm a winner
My chances aren't getting any thinner
Nothing's possible

Look at them
Is that where my life's supposed to take me to?
Can't I just do whatever I want to do
And keep my love

Am I alive enough?

Ripped up jeans
We're standing at the bus stop
There's a paster of our mug shot
Looking beautiful...
