

## Alive Enough?

Lenny

Godspell,  
I had this idea and if it all goes well  
We'll end up in heaven not down in hell  
With a story to tell

"Count me in",  
she said "take me down to West Coast,  
I'm dying to see the cash flow  
let it stain my soul"

Best friends  
That's where it begins and this is where it ends  
But isn't it wonderful,  
That money can't buy you love?

High five,  
Just to see if we are still alive  
And thumbs up  
If we're alive enough  
Are we alive enough

Are we alive enough?

Sinner,  
But I don't feel like a loser, I'm a winner  
My chances aren't getting any thinner  
Nothing's possible

Look at them  
Is that where my life's supposed to take me to?  
Can't I just do whatever I want to do  
And keep my love

Am I alive enough?

Ripped up jeans  
We're standing at the bus stop  
There's a paster of our mug shot  
Looking beautiful...
