

My Bones

Lenny

Would you pick up the sunlight for me?
Tell the rain not to fall?
If you bring me the moonlight shadow
Maybe I'll forget all...
All of the spaces between us
We can fill them with stars
Baby did you just bring me Venus?
I told you I wanted Mars.

Give me love
give me love
give me love
On a lilo bed

I can't get
I can't get
I can't get you
out of my head

And I know
And I know
And I know
I'm walking barefoot on stone
You're still the one that I chose, cuz I felt it in my bones

Would you turn down the silence for me?
Would you gather the sound?
Would you lift my feet up from the ground?
Would you paint the blue sky pitch black
And then swear it is real
Cause that is just the way I feel

Give me love
give me love
give me love
On a lilo bed

I can't get
I can't get
I can't get you
out of my head, baby

And I know
And I know
And I know
I'm walking barefoot on stone
You're still the one that I chose, cuz I felt it in my bones

I believe
I believe
I believe
This is where it all starts

And I can see
I can see
I can see
It's a little bit hard

If we walk
If we walk
If we walk
Barefoot on stone
You're still the one that I chose cuz I felt it in my bones.

And I know that all that you can give is your love
Never mind I don't need money, don't need fame, you lift me off of the ground and I found out that you are the one
In my bones
In my bones
In my bones.
