

## My Love

Lenny

Lord I'm aware that things come and they go.  
Flames turn to ashes and water to snow  
Only this time around I fall hard on my knees  
and I pray  
that this person won't leave and the memories  
don't fade away  
My Love.  
My Love.

Holding my heart in the palm of your hand  
Crossing the borders and drawing out plans  
Calling me cool and teaching me how to be free  
That's what you did babe and that's who you  
made out of me.  
My Love.  
My Love.  
My Love.  
My Love.
