

Everything I've Got

Leo Sayer

I never worry I never fret
'Cos when I got you on my side you can bet
I got it all, I'm standing so tall
And when I hold you in my arms
You know I'll never let you fall
When trouble comes to call
I would give you everything I've got
Don't you know
You know that I will love you a lot
Never let you go
Don't need nobody
Want nobody but you
Time's gonna come
We'll be put to the test
And you and me girl
We won't be like the rest
We'll see it through
Just me and you
And when they ask us
We will say it's been tried and it's still true
We're still shinin' through
I would give you everything I've got
Don't you know
You know that I will love you a lot
Never let you go
Don't need nobody
Want nobody but you

(solo)

I would give you everything I've got
Everything I got
You know what I would love you
Love you a lot
Don't need nobody
Need no one but you
No one but you
Everything I got
Don't you know
You know that I would love you
Love you a lot
Don't need nobody
Need no one but you
No one but you
