

In My Life

Leo Sayer

Seen a lot of good times in my life
Times when everything went so right
Seen a lot of things go wrong and I don't know why
I've seen a lot of good times in my life

Had a bit of sadness in my life
Friend of mine went down the other night
I tried to sort it out but now I just don't know why
I've had a bit of sadness in my life

You see I am a lonely, lonely, man
And what I got, I got together with my own two hands
And I wonder what am I gonna do to put things right
I've seen a lot of good times in my life

I've taken lots of chances in my life
One of them has changed me overnight
I've seen a glimpse of the other side and the lights are much too bright
I've taken lots of chances in my life

I've gotta do something with my life
Gotta make a change and put up a fight
Stand on my own two feet this time and do it right
I've gotta do something with my life

You see I am a lonely, lonely, man
And what I got, I got together with my own two hands
And I wonder what am I gonna do to put these things right
I've seen a lot of good times in my life

I've gotta do something with my life
