

## Once in a While

Leo Sayer

I think of this most every night  
How hard it is just to get it all right  
I'm looking here and I'm lookin' there  
I see a heart broken  
Pieces everywhere  
Wouldn't you try and wouldn't you know  
You try so hard still to let it all go  
Too much trouble and too much pain  
I think I'm gonna have that luck again  
What'll I do if you walk away  
What'll I do if you walk away  
Well I haven't a chance  
No I haven't a chance  
Once in a while I get this feeling  
Now and again I'm all in a daze  
Time after time I ask myself this  
Will you walk away  
Once in a while I get this feeling  
A crazy notion - A careless thought  
I start to worry and time gets short  
We'll think if this my dear young one  
The time to act has just begun  
What'll I do if you walk away  
What'll I do if you walk away  
Well I haven't a chance  
No I haven't a chance  
Once in a while I get this feeling  
Now and again I'm all in a daze  
Time after time I ask myself this  
Will you walk away  
Once in a while I get this feeling  
Once in a while I get this feeling  
Now and again I'm all in a daze  
Time after time I ask myself this  
Will you walk away
