

## Slow Motion

Leo Sayer

Today's been long  
It's been like slow motion  
Walking in circles  
Talking to the wall  
Now I'm standing on the corner  
And looking down at the ocean  
Sure is cold  
Makes me feel so old  
See the couple there in slow motion  
Flapping like a flag in the breeze  
But why I'm here  
I ain't got no notion  
I got people to please  
But I'm dying on my knees
