

# Voice in My Head

Leo Sayer

I'm stronger than an ox, Iron to the core  
Getting bolder every day , now I live outside the law  
I don't even get the blues, not anymore  
'Cos I've found the perfect place, we're all looking for

Ah but each time I try to fly  
The voice in my head  
Says get back to the drawing board and start again...

And I need you, and I want you  
Gotta have you, and I can't let go, no I can't let go

I can walk into a room and I know just where to stand  
I can talk to anyone like a confidential man  
I got all the clever lines, and I know all the moves  
I'm a perfect suit of clothes, in the perfect pair of shoes

Ah but each time I try to fly  
The voice in my head  
Says get down to the bottom boy, and start again...

And I need you, and I want you  
Gotta have you, 'cos I can't let go, no I can't let go

I was dyin' of thirst, and looking my worst when I came in here  
...mmm  
Now I stand alone in the the night, wondering what is right  
Why you came in here  
I can't stay in here

I don't hang around no more, the places that we used to  
I guess I've learned a little, and I know what I should do  
I've become a little quieter, a little more contained  
You could say I'm waiting - waiting for a change

Ah but each time I try to fly  
The voice in my head  
Says get back to the drawing board, and try again...

And I need you, and I want you  
Gotta have you, and I can't let go, no I can't let go  
And I feel you, 'cos I failed you  
And I lost you, but I can't let go, no I can't let go  
And I love you, and I want you  
More than ever, but I can't let go - no I can't let go...
