

# Shine

Leon Bridges

Lord, don't remember my sins  
My sins from my youth  
Don't remember my sins

And father, please elude my transgressions  
Let them blow in the wind like sand  
Cause all of my deeds, you know them

Use me as your vessel  
I want to shine like the candle  
Shine like the burning candle in the room

Lord, don't remember, ooh, don't remember

And father, please elude my transgressions  
Let them blow in the wind like sand  
Cause all of my deeds, you know them

Use me as your vessel  
I want to shine like the candle  
Shine like the burning candle in the room

Don't remember me as a [?] man walking  
I don't wanna be like the Israel children

Lord, don't remember, ooh, don't remember  
My sins from my youth
