

Don't Call This Love

Leon Jackson

Cry in the rain
Nothing to say
Lately I wonder
Who you are today
I know all about you
But I don't understand
Why you won't see me
Why things have changed

Oh baby something is going on
God knows I know

Cus you can't keep nothing from me
Cus I know what I've seen now
You can try your best to deceive
But I know where you've been now
And you can cry your heart out to me
But it's hard to believe
Don't call this love

I might be no good
In your eyes only
But one day you'll see that
I was good for you honey
You need to grow up
Get your life together
We can't go on now
Doing this to each other

Oh baby something is going on
God knows you know

Cos you can't keep nothing from me
Cos I know what I've seen now
You can try your best to deceive
But I know where you've been now
And you can cry your heart out to me
But it's hard to believe
Don't call this love

Listen to me
Baby, don't call this love

Cos you can't keep nothing from me
Cos I know what I've seen now
You can try your best to deceive
But I know where you've been now
And you can cry your heart out to me
But it's hard to believe
Don't call this love

I said, don't call this love
Don't call this, this love
Don't call it love
