

# Come Alive

Leona Lewis

I don't mind if it rains for a century  
I don't mind the rain  
I don't mind if you're here laying next to me  
I don't mind the pain

So put it on me, put it on me, ah  
Put it on me, I want you back  
Put it on me

Come alive, see when I come alive  
See when I come alive  
See when I come alive  
I revive, See when I come alive  
See when I come alive

Fire runs through my veins at the speed of light  
Fire through my veins  
(I want your love, I want your love)  
A thousand suns lead the way to an endless night  
I can ease the pain  
(I want your love, I want your love)

Come alive, feel when I come alive  
See when I come alive  
See when I come alive  
Hurry up, See when I come alive  
See when I come alive

See when I come alive  
See when I come alive  
See when I come alive

I don't mind if it rains for a century  
I don't mind the rain

So put it on me, put it on me, ah  
Put it on me, I want you back  
Put it on me

Come alive, feel when I come alive  
See when I come alive  
See when I come alive  
Hurry up, See when I come alive  
See when I come alive
