

# Favourite Scar

Leona Lewis

What you wanna talk about  
Wanna stay up all night  
Wanna scream and shout, yeah  
Send me up then  
Ain't nothing to worry about  
I can take it all that's fine  
I'm your number one  
Don't forget that

Yeah we fight, yeah we fight  
Everyday, everyday  
But we love but we love  
Every night, every night  
It don't matter it don't matter  
It don't matter it don't matter  
It don't matter it don't matter  
It's all good

Every... every scar, every scar  
Every messed up thing that we are  
I'll take it all  
Boy better turn up the radio

I never felt like this  
You shot me through my heart  
Pain never felt so good  
Boy you're my favourite scar  
I never felt like this  
You shot me through my heart  
All eyes on me in the middle of the street  
Screaming out your name  
And it sound like, la la la la la la  
You shot me through the heart  
La la la la la, you're my favourite scar

What you wanna know about  
Want me to tell you all of my sins, yeah  
You first, one shot and you got me  
And this scar everybody sees on me  
Baby it says that... were you

Yeah we fight, yeah we fight  
Everyday, everyday  
But we love but we love  
Every night, every night  
It don't matter it don't matter  
It don't matter it don't matter  
It don't matter it don't matter  
It's all good

Every... every scar, every scar  
Every messed up thing that we are  
I'll take it all  
Boy better turn up the stereo

I never felt like this  
You shot me through my heart

Pain never felt so good  
Boy you're my favourite scar  
I never felt like this  
You shot me through my heart  
All eyes on me in the middle of the street  
Screaming out your name  
And it sound like, la la la la la la  
You shot me through the heart  
La la la la la, you're my favourite scar

Funny how time flies, eh

I never felt like this  
You shot me through my heart  
Pain never felt so good  
Boy you're my favourite scar  
I never felt like this  
You shot me through my heart  
All eyes on me in the middle of the street  
Screaming out your name  
And it sound like, la la la la la la  
You shot me through the heart  
La la la la la, you're my favourite scar

Funny how time flies
