I Will Be

Leona Lewis

There's nothing I could say to you Nothing I could ever do to make you see What you mean to me All the pain the tears I cried Still you never said goodbye And now I know How far you'd go

I know I let you down But it's not like that now This time I'll never Let you go

I will be All that you want And get myself together 'Cause you keep me from falling apart All my life I'll be with you forever To get you through the day And make everything OK

I thought that I had everything I didn't know what life could bring But now I see honestly You're the one thing I got right The only one I let inside Now I can't breathe 'cause you're here with me

And if I let you down I'd turn it all around 'Cause I would never Let you go

I will be All that you want And get myself together 'Cause you keep me from falling apart All my life I'll be with you forever To get you through the day And make everything OK

'Cause without you I can't breathe I'm not gonna ever ever let you leave You're all I've got You're all I want

'Cause without you I don't know what I'd do I could never ever live a day without you Here with me do you see You're all I need All that you want And get myself together 'Cause you keep me from falling apart All my life I'll be with you forever To get you through the day And make everything OK

I will be All that you want And get myself together 'Cause you keep me from falling apart All my life I'll be with you forever To get you through the day And make everything OK
