

Red

Leprous

Mindful conscience
Baseline is sound
Making decisions
When I'm around

A proud and protected
Shape of its own
Easily altered
When red flags are shown

Turning against the inevitable red
Confined for what was said
Won't sleep in your bed
Follow your thread

Saturate firmly
Elastic raft
Balancing steadily
Delicate craft

Treacherous thoughts
Render a hope
Parallel tragedy
Tightening rope

Manual guidance
Chosen and pure
Manipulating
Heads that are sure
