

## Third Law

Leprous

On the rise  
Going up  
First to be  
Alone on the top

No delusion  
In your mind  
Peripheral vision  
Left behind

Somewhere  
Someone  
Must bow

Despair  
Hidden  
Somehow

Solid effort  
Underground  
Undervalue  
To be found

Felt inside  
Something alive  
Devious instinct  
To survive

Truly hard  
To comprehend  
Still effortless  
To defend

Real compassion  
Obsolete  
Camouflaging  
Indiscreet
