Better Angels

Lesley Gore

Its not like I haven't tried and tried It isn't where I look but what I find Been keeping clear of stepping on the cracks This just enough to keep me coming back

Oh I'm waiting for better angels Oh I'm waiting for any lead Though my case looks fatal I'm still hoping better angels come to me

Better late than not at all Better to make a break than take a fall I wouldn't mind hanging on If I could find out what I'm hanging from

Oh I'm waiting for better angels Oh I'm waiting for any lead Though my case looks fatal I'm still hoping better angels come to me

(Instrumental)

I'm waiting for better angels Oh I'm waiting for any lead Though my case looks fatal I'm still hoping better angels come to me Still hoping better angels come to me Still hoping better angels Come to me
