

Bad Eyes

Leslie Clio

Papi get off the phone
Mamma said you're oversold
I get high when I'm home alone
No loving you tonight, no bad eyes, bad eyes
Devil is on the wall
I won't come home, I won't come home
Don't, don't bother to call
Don't, don't bother to call

Help me understand
You gotta know I'm not pushing, pushing
Help me understand
But don't lie, don't lie, don't lie
Help me understand
You gon' drive me crazy, crazy
Help me understand
You gonna go down fee-fi-fo-fum

Well, I do like you but I don't like lies
Baby, talk is cheap, I want a sacrifice
I wanna do it right
And I don't wanna do it alone
But all I see is such bad, bad eyes

Don't run me like a fool
Matahari in the back of the room
I'm a queen, better follow the rules
Take it if you like it, I'm savage, baby

Help me understand
You gotta know I'm not pushing, pushing
Help me understand
But don't lie, don't lie, don't lie
Help me understand
You gon' drive me crazy, crazy
Help me understand
You gonna go down fee-fi-fo-fum

Well, I do like you but I don't like lies
Baby, talk is cheap, I want a sacrifice
I wanna do it right
And I don't wanna do it alone
But all I see is such bad, bad eyes

I see your bad, bad eyes
Wandering up and down and up again
Looking out for something but you never look at me, my friend
Gotta start to wonder, should I try, but I guess I shouldn't
Should I try and pretend that I'm a rock I'm like I would
I'm not a one trick pony, not a one track mind
And the past is always bright and up 'till here been very kind
I'll be giving you a chance and you really shouldn't blast it
I hate to see it coming but this gotta be your last, yeah

Well, I do like you but I don't like lies
Baby, talk is cheap, I want a sacrifice
I wanna do it right

And I don't wanna do it alone
But all I see is such bad, bad eyes
But all I see is such bad, bad eyes
