

# Damage Done

Leslie Clio

We used to be so in love  
Now it's just tearing us up  
You had my whole heart beating  
But turned it off  
We were working so hard  
But we are running so dry  
The very sight of it all  
Has got me wondering  
Why we could go so wrong  
We could go so wrong

We used to be so in love  
Now you're just pissing me off  
You had my whole world spinning  
But turned it off  
Why is it so hard  
You really knew me so well but see how time flies  
We've got so little to tell  
And we got no one else to blame

Remember we stood out in the rain - hold on  
Thinking we'll never be the same - hold on  
Now it's hard to believe how far we've come  
No going back, nowhere else to run  
But I run and I run  
Now that the damage is done

Damage done, damage done, damage done  
Damage done, damage done, damage done

We used to be so in love  
Now we have fallen apart  
How come you let go  
Instead of using your heart  
Why can't we just be  
And just forget what we've done  
Can hear my heart break  
Baby you just lost one  
And we got no one else to blame

Remember we stood out in the rain - hold on  
Thinking we'll never be the same - hold on  
Now it's hard to believe how far we've come  
No going back, nowhere else to run  
But I run and I run  
Now that the damage is done

Damage done, damage done, damage done  
Damage done, damage done, damage done  
Damage done, damage done, damage done  
Damage done, damage done, damage done

Remember we stood out in the rain - hold on  
Thinking we'll never be the same - hold on  
Now it's hard to believe how far we've come  
No going back, nowhere else to run  
But I run and I run

Now that the damage is done
