

Dr. Feelgood

Leslie Clio

Call me Miss Lonely
I wear it well
Walking the wrong ways
But I can't tell

No sweetheart to go to
Stuck in this town
Got my heart broken
Going back down (back down)

I'm begging everyone I know
Help me get out of the water (uh uh)
I guess I'm running out of stars
Just want my diamonds to shine (diamonds to shine)

I'm begging everyone I know
Help me get out of the water (uh uh)
Cause I'm not asking for a lot
Just want my diamonds to shine (diamonds to shine)

Tried to replace him
Went a long way
Always surrender
At the end of the day

It's not so tragic
I see it through
Call Dr. Feelgood
He knows what to do (to do)

I'm begging everyone I know
Help me get out of the water (uh uh)
I guess I'm running out of stars
Just want my diamonds to shine (diamonds to shine)

I'm begging everyone I know (everyone I know)
Help me get out of the water (uh uh)
Cause I'm not asking for a lot
Just want my diamonds to shine (diamonds to shine)

Held on
Lost time
Only
To find

I'm begging everyone I know
Help me get out of the water
I guess I'm running out of stars
Just want my diamonds to shine

I'm begging everyone I know (everyone I know)
Help me get out of the water (uh uh)
I guess I'm running out of stars
Just want my diamonds to shine (diamonds to shine)

I'm begging everyone I know (everyone I know)
Help me get out of the water (water)

Cause I'm not asking for a lot
Just want my diamonds to shine (diamonds to shine)

(Uh uh)

Running out of stars (8x)
