

Gotta Stop Loving You

Leslie Clio

If I could read you like a book
I'd understand the stories
You know I tried a while
But you're mistaken me for glory

I just want everything
Oh and then I want more
See I'd give it all gladly
Oh but what is it for?

We're sleepwalking
Pretending we're fine
We're sleepwalking
Keep wasting our time

I gotta stop loving you
I tried for so long
Stop loving you
It ain't done till it's done
I gotta stop loving you
Though I'm letting you down
Stop loving you
Cause it's driving me mad

Should I let you sleep
I think it's better to wake up
There's no way to make it fair
The thrill is gone and I give up

Wish I could be perfect
Or something in between
See I'm missin' out on drama
And it's exactly what it seems

Maybe I'm wrong
Maybe you're the one for me
But it never shows so
I'm setting myself free
Setting myself free
