

Looking down the barrel of a gun
All the drinks are free and your x is gone
Another day in the sun has you all fucked up
Watch out this is gonna be good
Because Jay I can see it in your eyes
Theres somthing wrong with that disguise
As you devised, your mind would race
To that ever so destructive fucking place

Jay Frenzal broke our bus, he went and shit he smashed our bus
In Detroit Michigan, with a 2 by 4 and a shitty grin
Our bus, hey fuck face you owe us 500 bucks

I heard you say you're not my friend, I can't believe our frien
dship didn't end
When you leaned over to me and said "...Oh shit here comes your
bus driver he's pissed..."
And your on his shit list-- A big redneck with a meth habit
And a large closed fist that's headed your way
Maybe you need a punch in the face...Jay
