

## That's Why They Call It a Union

Less Than Jake

There's a black cloud over this house  
That's been around for three years now  
There's a thunderstorm inside  
And it won't go away

That's why they call it a union  
That's why they call it a union  
So both of you please forgive me tonight  
That's why they call it a union  
So please forgive me tonight

I remember him turning around  
He said, 'Son, I'll be leaving now,  
I can't be the person that you want me to be'  
And then she said, 'So things are ending now,  
I knew you'd be walking out,  
You can't be the person that you want me to be.'

Three years of all the arguments  
Three years of all this silence  
Has been enough, to last me a lifetime  
Three years of all the arguments  
Three years of all this pain

That's why they call it a union  
That's why they call it a union  
So both of you please forgive me tonight  
That's why they call it a union  
So please forgive me tonight

I can't look at the pictures anymore  
Because I know how it's run it's course  
And I know how the story ends  
I know it ends

There's a black cloud over this house  
That's been around for three years now  
There's a thunderstorm inside  
And another fight tonight

There's a black cloud over this house  
That's been around for three years now  
There's a thunderstorm inside  
And it won't go away; no it won't go away
