Lethal Bizzle

Life... Life is hard man,  
Like... If you're not focussed like,  
I swear you tear yourself mad,  
One thing about life is though,  
Theres always someone... something,  
Who's got something to say,  
It's like... I dunno man,  
Why can't you just leave me alone man like,  
Man just wants to make my music man like,  
Why can't you just leave me alone and let me make my music man,  
Why's someone always gotta say something man,  
Let me just make my music man,  
For sure, Yo, Yo...

It's kinda hard for me to get back in the scene,  
It was like everywhere I go I was trying to be blocked,  
But I knew one day if I kept working harder and harder and harder,  
I knew one day that I'd reach the top,  
Lethal B against all odds that one hit wonder,  
The same people who said that are now dialing my number,  
It's funny how people think,  
Hate it when they see you do good, but love it when you sink,  
I got dropped and didn't know what to do,  
I was shirting for a while between me and you,  
Then I said nah, I can't go back to this,  
My family left me and that's when I knew,  
I was on my own I needed to find something to do,  
Music was the only legit thing that I knew,  
So I went back to the underground,  
Grafted... Came out with Forward then I blew.

Leave me alone, Leave me alone,  
Leave me alone, You didn't care before now you calling my fone,  
Leave me alone I understand how it works now,  
When your high everyone cares but leave me alone,  
Please leave me alone.

Stress every single day,  
No money coming in but... Bare bills to pay,  
I was killing myself, no way I was getting a job,  
My dad even told me Maxwell you should get a job,  
I said that's long dad,  
Pop Star to 9 to 5,  
Thinking of the thought, boy made me want to hide,  
I'd always be inside,  
Sometimes I couldn't even get inside,  
I'd go to the club door, say my name,  
They'd be like who, the price is one 5,  
I felt like a plane that had a crash landing,  
And why it crashed no-one had an understanding,  
To them I was finished, no-one,  
I had a hit get over it, that's you,  
But now I'm the best thing since sliced bread,  
I've got Beyonce look-a-likes... wanting to get in my bed,  
This world is so strange, This world is so strange.

Leave me alone, Leave me alone,

Leave me alone, You didn't care before now you calling my fone,  
Leave me alone I understand how it works now,  
When your high everyone cares but leave me alone,  
Leave me alone.

Now I'm back and I aint playing about,  
If you got something to say you better close your mouth,  
I came a long way so don't fuck about,  
I represent East, West, North, and South,  
I stoned it down so you can understand,  
I helped you understand, I helped you understand.

Leave me alone, Leave me alone,  
Leave me alone, You didn't care before now you calling my fone,  
Leave me alone I understand how it works now,  
When your high everyone cares but leave me alone,  
Leave me alone.
